

e-interplace

TEAM ROLE ADVICE

I would like to order copy/ies of **e-interplace**:

e-interplace (200 SPI life dongle* version) = £3000.00 + £12p+p + VAT@17.5% = £3539.10

*A dongle should allow others with e-interplace loaded to access it over a network. Alternatively, additional dongles can be purchased (lives split between dongles or additional lives purchased).

Please select either: USB port security dongle, or Parallel port security dongle

I am interested in courses on the 'Belbin Team-Role Model'.

I am interested in courses on the 'Administration & Technical Training' for using e-interplace.

I enclose a Cheque /Card Details/please invoice me for £ Order No.:

Card Type:..... Card No. Expiry Issue (Switch)

Payment is required in UK pounds sterling within 30 days of invoice, after which interest will be charged. Cheques should be made payable to Belbin Associates. Overseas clients are not subject to VAT. EC overseas clients must give their EC VAT number on purchase in order not to be charged VAT:

I understand that the package works only on computers which are compatible with IBM PC systems and requires the following minimum specifications for operation:

- A PC with a pentium processor (any sort) operating Windows NT, 2000, XP orVista
- 128Mb of memory (or preferably greater)
- A hard disk with at least 60Mb of free disk space (will need greater as your database grows)
- CD-Rom drive / monitor and printer supported by Windows
- A USB or Parallel Printer port (for the security dongle)
- Sound card and speakers to hear the slideshow voiceovers
- Read/Write access to the folder where the Belbin database "i2000 data.mdb" is stored
- Web/Internet access for online inventory use/import – see *internet proxy server/firewall settings after software installation below*

Any number of extra lives can be re-ordered by phone/email/fax, please ask for a quote.

(Free updates of files & drivers for this particular e-interplace version will be made available @ www.belbin.com)
